

## The **DEEP ROOTS** of **NEGATIVE ATTITUDES**

*Some of our inner negative attitudes are especially deep rooted and require more intensive handling with a lot of spaced repetition.*

*When we are talking about mental and emotional beliefs and attitudes, we are not talking about a person's "outer condition." We are talking here about "internal conditions of the mind."*

*Our objective for the use of affirmations is to get our thinking straight, our attitude straight, and to "get it right on the inside." Then the outer conditions will follow suit and we can function on 16 cylinders instead of just 4 or 8.*

*To change from negative to positive or from doubting to certainty, here are a few affirmations:*

- 1. All doubt about my ability to succeed in Pre-Paid Legal is totally removed from my mind.*
- 2. I move ahead with certainty that all good things are working out in my life, personally and professionally!*
- 3. I am positive, cheerful and confident at all times.*
- 4. My attitude is positive and constructive!*
- 5. I know I am on the right track in my Pre-Paid Legal business.*
- 6. I move forward with certainty to my next advancement.*
- 7. I am sure of myself now!*

*More to come . . .*
